PATENT  
0501-1159

**IN THE U.S. PATENT AND TRADEMARK OFFICE**

Applicants: Cecile JOUBERT et al. Confirmation: 5678  
Serial No.: 10/580,319 Art Unit: Not assigned  
Filed: May 25, 2006 Examiner: Not assigned  
For: DISPLAY DEVICE WITH A BLACK-OPTIMIZING BISTABLE  
NEMATIC SCREEN AND METHOD FOR THE DEFINITION OF  
SAID DEVICE

**INFORMATION DISCLOSURE STATEMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

**August 30, 2006**

Sir:

In compliance with Rules 1.97 and 1.98 and in fulfillment of the duty of disclosure under Rule 1.56, included with the attached Form PTO-449 is a copy of the search report from the corresponding international application. Since the European Patent Office is the international searching authority, copies of the cited references should have been or will be forwarded to the U.S. Patent and Trademark Office (USPTO) pursuant to the trilateral agreement among the USPTO, European Patent Office, and Japanese Intellectual Property Office.

Also included is a copy of a search report from the corresponding French application. The references cited in the French search report are also cited in the International Search Report and, as indicated above, listed on the accompanying Form PTO-1449.

Other references of interest are also set forth on the Form PTO-1449. Copies of cited U.S. patents and patent publications are not provided in view of the USPTO waiver of the requirement to do so under 37 C.F.R. §1.98(a)(2)(i) for applications filed after June 30, 2003. Copies of the other types of references are enclosed, with the exception of the Yeh, Poincare, and Schurcliff documents, hefty volumes not easily reproduced which

are cited as background and which should be available to the Examiner through the USPTO Scientific Library.

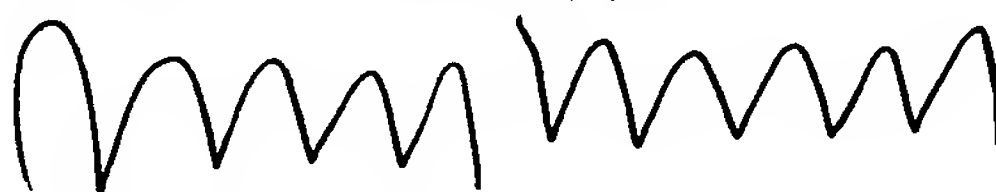

U.S. 6,327,017 corresponds to FR 2,740,894, for which an English language abstract is also provided. In view of the provision of the corresponding U.S. patent and an English language abstract, it is respectfully submitted that the requirement for a concise explanation of the relevance of FR '894 is satisfied.

This Information Disclosure Statement is being filed prior to issuance of an action on the merits; therefore, no fee is required.

The Examiner is courteously requested to initial and return a copy of the accompanying Form PTO-1449 to confirm consideration of the references and their entry into the record.

Respectfully submitted,

YOUNG & THOMPSON
